Alpha Delta Kappa is an international honorary organization of women educators dedicated to educational excellence, altruism and world understanding. The Alpha Nu Chapter is comprised of outstanding women educators from K-12 schools in the communities of Airway Heights, Cheney and Medical Lake. Our sorority serves to enhance the learning opportunities of its members and seeks to enrich the lives of others in Eastern Washington through hundreds of heartwarming, community-based altruistic projects.

Alpha Nu's altruistic mission this year is to ensure that all students have access to resources that may help them become more successful in school. We appreciate your assistance in distributing these funds for the intended purpose listed above.
